Draft CVP Statement (January 21 2020)

The Community Vision Plan embraces Stafford Hamlet’s uniqueness in a way that works within the current Urban Reserves designation while preserving the character of the Hamlet. We will work to encourage conservation partnerships that protect open spaces and forestland, expand and enhance wildlife and riparian corridors, and explore ways to encourage and promote active agriculture.

Our goals will target residents’ wishes to enact best practices that:

1. safe-guard clean air and groundwater,
2. maintain our secure and serene environment,
3. minimize additional traffic and infrastructure impacts,
4. educate regional communities and Hamlet members about the area’s heritage, importance and potential,
5. expand small farm possibilities.
